

ACTA MF60 MEDICAL SUCTION

Features:

- Suction pump with: 60 l/min 40 l/min 20 l/min
- Max. Vacuum: up to -90 kpa
- Power of choice:
 - Rate of 20 l/min for delivers quiet operation
 - Rate of 40 l/min for most procedures
 - Rate of 60 l/min turbo mode for rapid vacuum build-up
- Designed for use in hospitals, clinics and medical practices

ACTA MV55 SURGICAL SUCTION

Features:

- Max. flow: 50 liters/min
- Max. Vacuum: up to -90 kpa
- Equipped with disposable suction containers
- Safe handling of medical waste
- Conversion of liquid waste to a solid
- Available with or without solidifying agent
- Faster cleanup

ACTA R.D MEDICAL & SURGICAL SUCTION

Features:

- Suction power : -60 kPa / 50 LPM
- Power / voltage: 220~240 V AC / 144 W
- Weight: 25 kg
- Screen: Monochrome LCD 128*240
- Operating temperature: +10°C to +40°C
- Storage temperature: -20°C to +70°C
- Humidity: %30 to % 95
- IPX2: Protected against dripping water 15 °
- Equipped with oil-free vacuum pump
- Body material ABS
- Collection jars fitted with an anti-overflow safety device
- Motor auto power-off in order to prevent the entry of liquid into pump
- Control device with pedal
- 5 different selectable vacuum unit
